

FACILITATED INDUCTION

Board Director Induction Day

A confident, properly-equipped start for every new director — from day one.

WHY IT MATTERS

Accountable from day one

Most new directors are welcomed with a handshake and a board pack — yet they are legally accountable from the moment they say yes, even as unpaid volunteers. A proper induction protects the organisation and gives directors the clarity to contribute sooner. This facilitated half-day does exactly that.

THE SESSION

What we work through

- 1 Who we are, and who regulates us**
Your structure, your regulator, and what it means for each director.
- 2 Getting identified and appointed**
The Director ID — who needs one, and getting it right before appointment.
- 3 Your duties, and the volunteer myth**
The core duties — and why being unpaid or small changes none of them.
- 4 Liability and your protections**
Where directors are exposed, and the protections that support them.
- 5 Reading in and your first 90 days**
What to read, who to meet, and a clear plan to start well.

THE EXPERIENCE

What every session includes
